

Hints

NOTE: As their name suggests hints are not exactly Paper Mario: Sticker Star cheats, and are usually just simple (but very useful) tips on how you can unlock secret level, features, find hidden areas and such. Hopefully these will make playing Paper Mario: Sticker Star even more entertaining.

Museum Exhibition Rooms

You can unlock the following exhibition rooms by completing the 2 sections of the museum collection:

Enemy Exhibition Room: Collect all 96 battle stickers

Music Exhibition Room: Collect all 64 thing stickers

Super Flag Achievements

There are eight Achievements you can achieve in this game. They can be achieved at any time, and through a number of conditions. However, it is worth noting that, after completing World 1-6 and getting the first Royal Sticker, there are eight Super Flags in the Sticker Fest area of Decalburg. You can examine them to check on your progress to the Achievements.

Super Flag Achievement: Find every single HP-Up Heart.

Super Flag Achievement: Collect every sticker type in the world.

Super Flag Achievement: Make all of the secret doors appear.

Super Flag Achievement: Collect all of the Comet Pieces.

Super Flag Achievement: Spend 10,000 or more Coins at shops.

Super Flag Achievement: Get a Perfect Bonus (win without getting hit) in 500 or more battles.

Super Flag Achievement: Perform 1,000 or more "Excellent" Action Commands in battle.

Super Flag Achievement: Get three symbols matched on the Battle Spinner slots 50 times.

Luigi Locations

In the background of certain levels, you can spot Mario's brother Luigi, who can be peeled off the level by Paperizing. If you peel him off in all 5 locations, he'll appear during the credits sequence. In addition, each individual peeling will unlock a rather amusing newspaper article in the leftmost house in Decalburg's Residential Area.

Luigi Location: World 1-6: On the bridge leading to the central tower, look in the background.

Luigi Location: World 2-5: On the fourth floor of the tower, in a window on the far right end of the second outdoor walkway.

Luigi Location: World 3-12: On a rock formation sticking out of the ocean in the background that's only visible from the pier.

Luigi Location: World 4-5: Near the end of the chairlift after the enemies stop coming. You only have so much time, so be quick.

Luigi Location: World 5-5: In the background to the left of the hot springs.

Hidden Song at Game's End

After beating the game (and watching the credits), the screen will shift to the book from the start of the game. The book closes and the light turns off. At this point, just wait about three minutes. A hidden lullaby song will start to play, and will continue to play until you hit a button. EXPAND TO SEE ALL
